Family Activity

Gifts To Give

Mary gave Jesus a very special gift. God wants us to give to others, too.

This week, work together as a family and make a list of some items you have that others might need. Walk through the house with your children and help him or her point out different items to put on the list. Decide on one of those things to give to someone else who needs it and give it to him or her.

Encourage your children to give to others just as Mary gave her own special gift to Jesus. God wants us to share and give to others with a happy heart.
